

**PERSONS QUALIFIED TO PERFORM
VEGETATION SURVEYS, HABITAT EVALUATION INDICES, WETLAND DELINEATION AND
KEWEP AND UMAM ANALYSIS
IN THE CITY OF MARATHON**

Any application for development on vegetated lots must include a *Vegetation Survey*. On land recognized as either palm hammock or tropical hardwood hammock, a *Habitat Evaluation Index (HEI)* is required in addition to the Vegetation Survey. Only scarified lots are exempt from these requirements. Below is a list of individuals qualified to perform HEI's and Vegetation Surveys.
