Subject: 10th Annual KEYS100
Date: Wednesday, February 01, 2017 3:29:05 PM

Greetings, Diane. This year's *KEYS100* Ultramarathon is again scheduled for the third Saturday in May, which is the 20th this year. We are hopeful that the City of Marathon will grant permission for the runners to pass through town on their way to Key West (for the 100-mile race), and to start the 50 mile race at the Marathon Garden Center once again. There are no changes to our format from prior years. The 50 mile race starts at 9:45am, with +/-25 runners leaving at 5 minute intervals. The expectation is for approximately 150 runners in the 50-mile race. Shortly thereafter, individual 100-mile runners and team runners will begin stopping at the Garden Center to be checked-in and, in the case of the individual runners, supported with drinks, ice, food, etc. The location will close as an aid station at approximately 10:00pm.

Will you kindly add this request to the City Commission's agenda for their consideration? I will follow-up with the proper paperwork to Ann Hogan, and will be glad to provide any additional information needed.

Thank you for the help.
Bob Becker
