City launches new website

MARATHON, FL (Nov. 5, 2026) – The City of Marathon will launch its new, updated and upgraded website on Monday, Nov. 9.

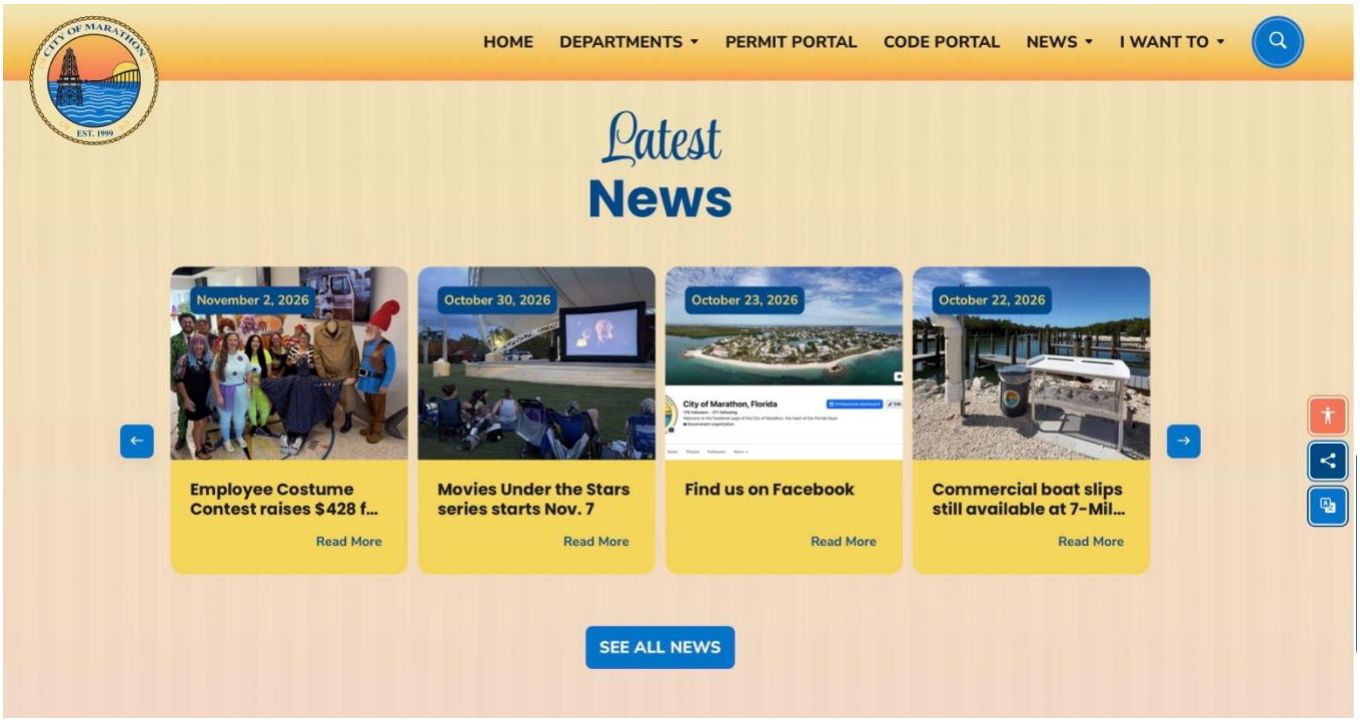

The web address will remain the same: https://www.ci.marathon.fl.us

The new website will offer many familiar features and will also include a variety of new features and settings, all designed with ease of use in mind and using quick links to move a user to the necessary area of the site.

If a user wants to view a City Council meeting, Code hearing, or Planning Commission meeting, a centralized button on the home page will take the user directly to COM-TV, the city's video repository.

Additionally, links to the city's social media sites are immediately available on the home page. The expanded calendar lets users know exactly what is going on in the city, be it a governmental meeting or a city-sponsored event.

As with any update or upgrade, issues are to be expected. If users discover problems with the new site, they can email the city's Information Technology Department at it@ci.marathon.fl.us.

You'll find the latest news on the city's new website.
