

Press Release (#186-26)
CITY OF MARATHON
9805 Overseas Highway
Marathon, Florida 33050
305-743-0033

For Immediate Release:

Rainfall, flooding creating sewer system issues

MARATHON, FL (Nov. 25, 2026) – Marathon residents may experience drainage issues, temporary sewer system problems and slower flushing because of the excessive amount of rainfall in a short period of time,

The city is aware of these issues, and Utility Department crews are working diligently to keep up with the increased demand.

The city's Wastewater Treatment Plants (WWTPs) are working extremely hard to manage the excessive water flow and minimize disruptions to the community.

As the rainfall slows and conditions improve, these issues should begin to correct themselves.

Residents should only call the MOD (Manager on Duty) Emergency Number if they are experiencing an actual sewage backup.

The MOD Emergency Number is 305-517-6764.

City crews are doing everything possible to assist all residents as quickly as possible.

We sincerely appreciate your patience, understanding, and cooperation during this time.

From the City of Marathon, have a safe and Happy Thanksgiving
