BACKGROUND & JUSTIFICATION:

In 2013 the City entered into an interlocal agreement with Monroe County and other local stakeholders in the Florida Keys that agreed upon a calculation for the distribution of future funding received from the State. The Florida Keys Environmental Stewardship Act was passed by the Florida State Legislature and signed into law in 2016. The Florida Keys received \$20 million in both 2022 and 2021, \$6 million in 2019, \$5 million in 2018, \$13.3 million in 2017, and \$5 million in 2016 from the Stewardship Act. Of which, based on the distribution agreement, the City has been awarded \$3,500,000, \$3,500,000, \$1,050,000, \$875,000, \$2,333,333 and \$875,000, respectively.

Staff recommends utilizing \$3,500,000 of the funding for the City canal and culvert projects. This is a cost reimbursable grant.

**ATTACHMENT 3-4  
REVISED GRANT WORK PLAN**

**PROJECT TITLE:** Marathon Marine Debris Removal

**PROJECT LOCATION:** The Project will be located within the City of Marathon in Monroe County, Florida.

**PROJECT BACKGROUND:** In 2017, the Florida Keys was hit with a Category 4 hurricane that deposited large amounts of debris in the canals and waterways of Monroe County, Florida. Monroe County obtained a grant from the United States Department of Agriculture, Natural Resources Conservation Service (NRCS) to provide reimbursement for Hurricane Irma debris removal from the canals. The City of Marathon (Grantee) and Monroe County executed an interlocal agreement to have debris removed from the canals within the City of Marathon's boundaries.

The project will positively affect the water quality in the City's canals and adjacent nearshore waters, which include the Florida Bay and Atlantic Ocean within the Florida Keys National Marine Sanctuary and surrounding the Florida Keys Area of Critical State Concern.

**PROJECT DESCRIPTION:** The Grantee, through an Interlocal Agreement with Monroe County, will remove the Hurricane Irma debris from select canals located within the City of Marathon. The Grantee will provide funding for its share of the County wide project.

The Grantee will also utilize a contractor to provide project management to confirm compliance with NRCS requirements and all state statutes and local ordinances. The Grantee's consultant shall provide project management and disaster related services in canals and temporary debris management area (TDMA) sites. The consultant will oversee the contractor activity and manage the marine debris site and address daily safety reports and corrective action recommendations. In addition, the Grantee will monitor the activities conducted under local, state and federal permit requirements for applicable marine debris removal work.

Additionally, the Grantee will perform the muck dredging and spoil management and culvert maintenance for various canals within the City. The ultimate disposal of the muck is the responsibility of the City and must be in compliance with applicable laws and rules.

**TASKS:** All documentation should be submitted electronically unless otherwise indicated.

**Task 1: Marine Debris Removal**

**Deliverables:** The Grantee will remove debris from canals and provide maintenance to canals and culverts located in the City of Marathon in accordance with the contract documents.

**Documentation:** The Grantee will submit a signed acceptance of the completed work to date by the Grantee and records of the amount of debris removed and any records associated with disposal of the removed material.

**Performance Standard:** The Department's Grant Manager will review the documentation to verify that the deliverables are completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

**Payment Request Schedule:** The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

For the task for which advance payment is approved, the reference to “payment” in the Payment Request Schedules shall mean submittal of invoice(s), and the Grantee shall submit invoice documentation and proof of payment quarterly until the entire advance payment is reconciled.

**Task 2: Project Management and Disaster Related Services**

**Deliverables:** The Grantee will utilize a contractor to provide project management and other disaster related services to confirm compliance with NRCS requirements and all state statutes and local ordinances.

**Documentation:** The Grantee will submit interim progress status summaries including summary of inspection(s), meeting minutes and field notes, as applicable.

**Performance Standard:** The Department’s Grant Manager will review the documentation to verify that the deliverables are completed as described above. Upon review and written acceptance by the Department’s Grant Manager, the Grantee may proceed with payment request submittal.

**Payment Request Schedule:** The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

**PROJECT TIMELINE & BUDGET DETAIL:** The tasks must be completed by, and all documentation received by, the corresponding task end date.

Task No.	Task Title	Budget Category	Budget Amount	Task Start Date	Task End Date
1	Marine Debris Removal	Contractual Services	\$5,447,548.44	07/01/2018	06/30/2024
2	Project Management	Contractual Services	\$375,000.00	07/01/2018	06/30/2024
Total:			\$5,822,548.44		

Note that, per paragraph 8.h. of the agreement, authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of the Department if the Legislature reduces or eliminates appropriations. Extending the contract end date carries the risk that funds for this project may become unavailable in the future. This should be a consideration for the Grantee with this and future requests for extension.

**Special Audit Requirements**  
**(State and Federal Financial Assistance)**

3. A recipient that expends less than \$750,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F-Audit Requirements. If the recipient expends less than \$750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other federal entities).

In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

## PART III: OTHER AUDIT REQUIREMENTS

*(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)*
