Out of season Stone Crab

KEY WEST, FLA. (WSVN Ch 7 news) – Responding to reports of a stranded manatee and its cub, Marine Deputy Willie Guerra sprang into action. With determination, he leapt from his boat into the water, where the manatee and its cub were trapped due to the shallowness of the area.

Guerra's decisive move to join them in the water allowed him to guide the marine mammals to deeper waters. He splashed water onto the manatee to help regulate its body temperature and keep it cool.

The efforts proved successful as both the manatee and its cub managed to break free from their shallow confinement.

## Community service/Involvement

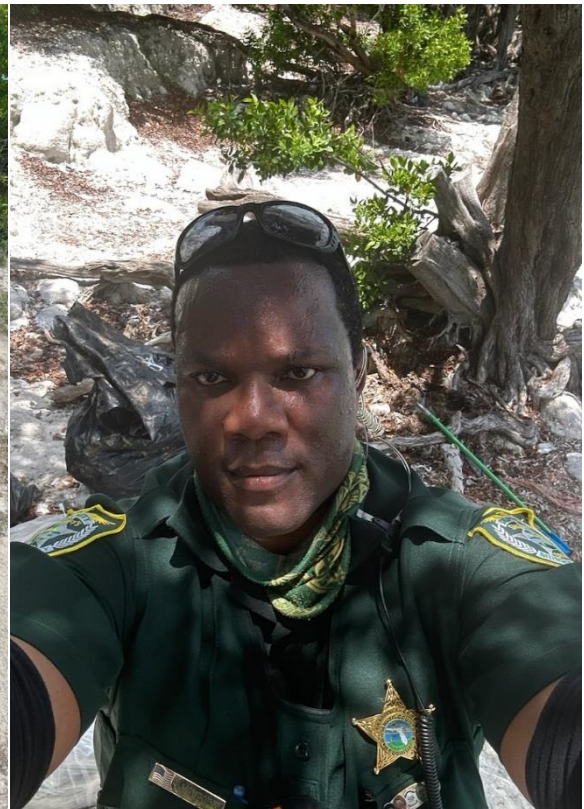

The entire squad attended the 2023 National Night Out. Above Deputy Gardner dreams about being Tango 5211.

(Above) Deputy Gardner continues resource checks throughout lobster season. (Below) Dep. Ouellette met with the participants on the 1<sup>st</sup> Annual Marathon Color Run.

**Personnel and Budget:**

Currently fully staffed with three deputies in phase one of our Field Training Officer program. No budget concerns at this time.

Respectfully,

Detective Sergeant David Fernandez
