**Subject:** letter

George,

We are looking to do fun mini bridge run on the old 7 in December. Working on my FDOT event app (bridge closure). Says I need a letter of approval/support from my local gov't jurisdiction. Being its old 7 is that technically the county or can you do this and it be suffice you think? Know there are a bunch of jurisdictions in that area (DEP, DOT, county, city, etc.). If not you then I assume county; but hoping you can as I know it will get done much quicker, lol.

**An Authorization Letter with original signature by the local governmental agency authorizing the Special Event or Use the signature of the governmental authority such as Mayor, City, County Manager, or their designee,**

Here is some additional info on the race itself George:

- Event name: Old 7 Beer Run & Fun
- Location: Old 7M Bridge
- Date: Saturday, December 14, 2024
- What: 2 mile bridge run on the old 7 mile bridge (2 mile span).
- Times: races to begin at 10am and end by 11am

PK trolley's to transport people to/from event all day

Use PK parking lot, and any other privately owned parking areas available

Thank you sir, here if you have any questions, etc.,

Daniel

Sincerely,

**Daniel Samess, M.S.**
