RE: Monroe County Sheriff's Office Monthly Report November 2025

Dear Council,

Enclosed is the District 4/5 November Monthly Report. Activity across the district increased from October as seasonal traffic and increased commercial movement continued into the month. Squads maintained strong visibility, call responsiveness, and proactive engagement despite multiple training commitments, vacations, and several FTO assignments.

In November Dep. Vega transferred to District 6 and Det. Aguanno was selected for Major Crimes. District 4/5 currently has six POs in various phases of the FTO program, all of whom are progressing well. We appreciate District 6/7 who are helping us get these new members trained.

District 4/5 deputies made **39 arrests** including **5 DUIs**, conducted **613 traffic stops**, issued **251 citations**, and completed **124 field interview reports**. Patrol handled to nearly **4,000 calls for service** and maintained operational support through over **3,000 SIFA entries**, along with attending community engagement events tied to schools, Veteran activities, and city functions. Marine operations completed **141 resource checks**, along with environmental enforcement and coordination with Districts 6 and 7 during holiday events and vessel-related investigations.

The Criminal Investigations Unit (CIU) closed the month with **57 active cases** and a **33% clearance rate**, with investigative output carried primarily by Detectives Fricke, Diaz, Aguanno, and supervisory follow-through. A significant portion of the unit's workload continued to involve the ongoing large-scale aggregate-theft investigation initiated in July. During November, detectives secured **an additional arrest warrant for another involved driver**, strengthening the case as it progresses toward prosecution in the hands of the State Attorney's Office.

Thank You,

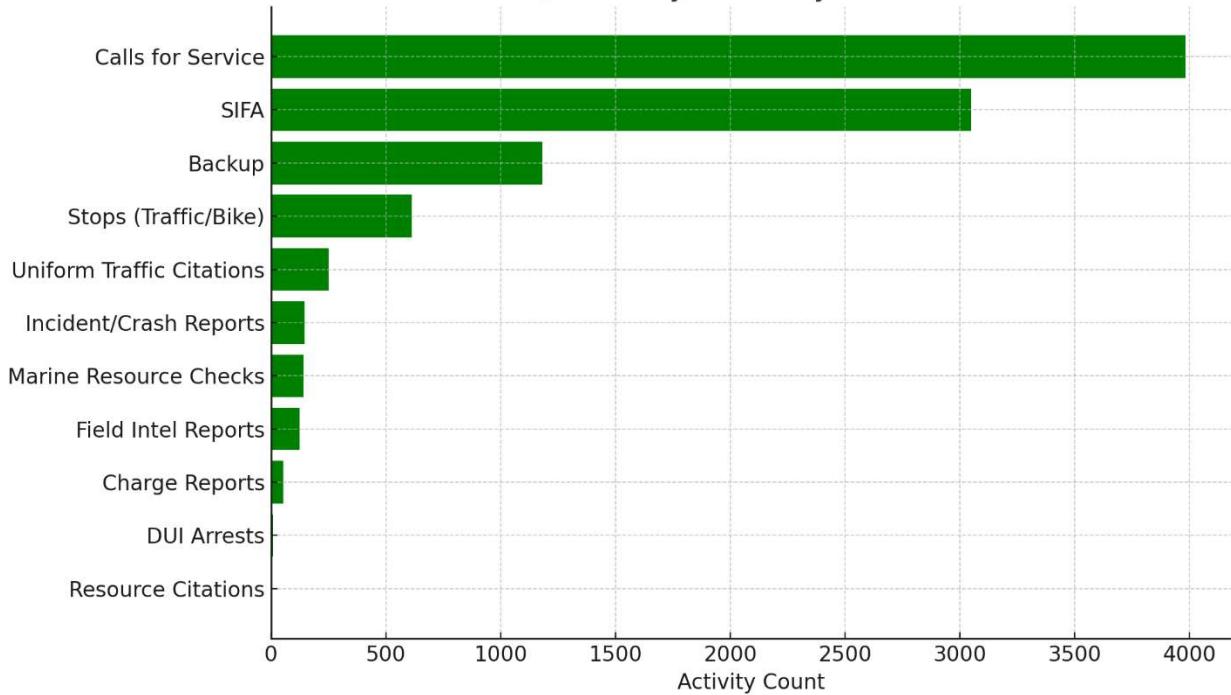

Lieutenant Benjamin Elmore

Station Commander District 4/5 Patrol

Monroe County Sheriff's Office
