

Agenda Item: **Resolution 2026-15**, Authorizing A “Piggy-Back” Purchase Pursuant To The City’s Purchasing Policies And Procedures And Approving The Purchase Of A 2027 Ford F-650 Regular Cab Chassis 2WD 158” WB Strait Frame 84” CA Under The City Of Tallahassee Contract Number 5179 From Alan Jay In An Amount Not To Exceed \$102,450.00; Authorizing The City Manager To Enter Into Agreements In Connection Therewith, Appropriating And Expending Budgeted Funds; And Providing For An Effective Date.

The City's Public Works/Street Maintenance Department has experienced significant growth over the past two years as a result of increased responsibilities throughout the City. The current landscaping dump truck no longer meets the operational needs of all crews, resulting in job delays when equipment is unavailable. With only one dump truck available, crews are often required to postpone projects due to limited access to the vehicle. In addition, the Parks and Recreation Department also utilizes the dump truck as needed, which further limits its availability for Public Works operations and impacts overall project scheduling and efficiency. In addition, the existing dump truck has limited lifting capacity, which restricts the amount of aggregate that can be safely transported per load. The acquisition of a new dump truck will increase hauling capacity, improve operational efficiency, and allow crews to complete projects in a timelier manner. This purchase is budgeted for in the Fiscal Year 2025–2026 Street Maintenance Fund budget.
