Brandon Harris

City of Marathon

Fleet Director

02/24/2026

I am writing to formally report an unsafe city vehicle, Utilities Department Truck # 315 – 2017 Chevrolet 2500 Crane Truck, with plate number XF4732, observed on 02/05/20226 at City of Marathon Maintenance Warehouse located 10335 Overseas HWY, Marathon, FL 33050.

The vehicle is exhibiting the following dangerous conditions: Crane is inoperable and has been repaired 3 times in the last 2 years, 7 times in its life cycle since purchased. It also is unsafe due to the truck base continuing to loosen when it is in use. The truck bed is completely rusted out and has since become unsafe, hence not roadworthy. The engine block suffered external rust damage from Hurricane Ian Outer Bands in 2022. The engine block runs extremely sluggish, burns oil, and is exhibiting internal engine fatigue. The interior of the truck has heavy wear and tears, even with the replacement of seats, seat covers, and rubber mats. In fiscal year 2025 we spent in the amount of \$7,443.75 on repairs just on the conditions mentioned alone, this does not include normally preventive maintenance each month. These conditions constitute a hazard to public safety.

I request that this vehicle be immediately taken out of service, in order to meet Florida safety standards, safety of our employees, and citizens.

Sincerely,

Brandon Harris – City of Marathon Fleet Director
