For Immediate Release:

Survey targets state hazard mitigation efforts

MARATHON, FL (Sept. 17, 2026) – The state is seeking public input regarding its hazard mitigation efforts.

The Florida Division of Emergency Management (FDEM) Bureau of Mitigation Planning Unit recently announced the 2028 State Hazard Mitigation Plan (SHMP) Public Outreach Survey.

As part of the update to the SHMP, the Planning Unit is surveying residents and businesses across Florida to better understand the hazards and risks they experience in their communities and the mitigation strategies they believe could be most effective.

The survey also includes questions about hazard mitigation knowledge, current mitigation efforts within communities, and opportunities to reduce future risk.

	Press Release (#103-26) CITY OF MARATHON 9805 Overseas Highway Marathon, Florida 33050 305-743-0033
---	--

Broad participation will help ensure the updated SHMP reflects the risks, priorities, and perspectives of communities across Florida.

The survey, which needs to be completed by Oct. 15, can be found at <https://www.surveymonkey.com/r/567B98C>.

For questions about the survey or the 2028 SHMP update, contact the Mitigation Planning Unit at mitigationplanning@em.myflorida.com.
