Quay boat ramp to open in time for long holiday weekend

MARATHON, FL (June 18, 2026) – City workers have completed repair and renovation work on the Quay on Overseas Highway ramp dock, and the boat ramp will reopen Friday, June 19 – just in time for the holiday weekend.

The boat ramp had been closed since June 1, to repair and renovate the ramp dock.

The work involved removing and replacing the dock decking and raising the dock 18 inches, as higher tides had led to the previous dock being submerged at times, according to Public Works Director Paul Bartnik. The new dock height also necessitated construction of a ramp and rails to the dock, Bartnik said.

The dock work was done by LPS Contracting, a Marathon-based marine construction company.

The new dock at the Quay boat ramp is ready for use.

The previous dock at the Quay boat ramp was 18 inches lower and often covered during high tide.
