The helicopter mission will be completed, weather permitting, using naled, which is part of the district's integrated pest management program to control migrating adult mosquitoes.

It is a non-persistent insecticide that breaks down rapidly when applied in the manner employed by the district.

For information, call Mosquito Control at 305-292-7190.

Keep track of FKMCD aerial adulticide, larvicide and fog truck missions by downloading the treatment notification app at <https://www.keysmosquito.org>.
