

For Immediate Release:

Vehicles travel through water from an FKA A transmission line break in Marathon on Tuesday, May 19.

BREAKING: FKA A transmission line break in Marathon

MARATHON, FL (May 19, 2026) – The Florida Keys Aqueduct Authority is working on a transmission line break in Marathon, at U.S. 1 and 65th Street, which is causing low pressure to no water in the Lower Keys.

A precautionary boil water notice has been issued on the FKA A website.

The repair work on the south side of the highway is not related to city’s deep-injection well work, which is on the north side.

For information and updates, contact FKA A at 305-296-2454.
