Subject: [EXTERNAL] - City of Marathon, DEO #20-1ACSC, Comments on Proposed Comprehensive Plan Amendment Package

Dear Mr. Eubanks:

The South Florida Water Management District (District) has completed its review of the proposed amendment package from the City of Marathon (City). The amendment is a Future Land Use Map amendment to the City's Comprehensive Plan. There appear to be no regionally significant water resource issues; however, the District offers the following technical guidance regarding Regional Water Supply Planning:

- The City is required to revise its Water Supply Facilities Work Plan (Work Plan) within 18 months after approval of the Lower East Coast (LEC) Water Supply Plan Update by the District's Governing Board. The District's Governing Board approved the LEC Water Supply Plan Update on November 8, 2018. Therefore, the City's Work Plan was to be updated and adopted by **May 2020**. The Work Plan has not been received to date. Planning tools are available on the District's website for your use and District Staff are available to provide technical assistance to update the Work Plan, including reviewing draft Work Plans prior to formal plan amendment submittal. The planning tools are located at this link: <https://www.sfwmd.gov/doing-business-with-us/work-plans>.

The District requests that the City forward a copy of the adopted amendments to the District. Please contact me if you have any questions or need additional information.

Sincerely,

FDEO #21-01ACSC**

Dear Ms. Mullins:

Pursuant to Section 163.3184(3), Florida Statutes (F.S.), in its role as a reviewing agency as identified in Section 163.3184(1)(c), F.S., the Florida Department of Transportation, District Six, reviewed the proposed amendment to the City of Marathon's comprehensive plan. The proposed amendment will modify the Future Land Use Map (FLUM) from Residential High (RH) to Mixed Use-Commercial (MU-C) for Lots 6 and 7 located at 163 63rd Street. The affected site consists of 14,916 square feet, and is located near US-1/Overseas Highway.

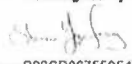

The District reviewed the amendment package per Chapter 163 Florida Statutes and found the proposed amendment would not adversely impact transportation resources and facilities of state importance. In addition, the District recommends that the City continue to identify and address the needs of all modes of travel, including public transportation. The District encourages the City to include pedestrian and bicycle facilities to promote a walkable and connected community consistent with ss. 163.3177, Florida Statutes.

Please transmit a copy of the amendment, along with the supporting data and analysis, to the District upon its adoption. Thank you for coordinating on the review of this proposed amendment with FDOT. If you have any questions, please do not hesitate to contact me by email at shereen.yeefong@dot.state.fl.us or at 305-470-5393.

CONSENT AGENDA

Pursuant to the 1974 Interlocal Agreement creating the South Florida Regional Planning Council (Council), the Council is directed by its member counties to "assure the orderly, economic, and balanced growth and development of the Region, consistent with the protection of natural resources and environment of the Region and to protect the health, safety, welfare and quality of life of the residents of the Region."

The Council's review of amendments is conducted in two stages: (1) proposed or transmittal and (2) adoption. Council staff reviews the contents of the amendment package once the Department of Economic Opportunity certifies its completeness.

A written report of Council's evaluation pursuant to Section 163.3184, Florida Statutes, is to be provided to the local government and the State Land Planning Agency within 30 calendar days of receipt of the amendment.
