**City of Marathon
Public Information Officer proposal**

George,

Thank you for considering me, Sara Matthis, as a provider for the City of Marathon's public information services. I am fully committed to serving the city on a contract basis for one year beginning Dec. 20, 2021 through Nov. 30, 2022, that will be flexible with the city as needs arise.

Services would include:

- Press releases after every city council meeting covering the major points, and attendance at code and planning meetings as needed, with the goal of writing three feature-length articles about City of Marathon news and accomplishments every month at the direction of the City Manager. Press releases will be distributed to local newspapers, radio and online media for dissemination.
- Daily social media posts, or as needed, about current programs, events and news from the City of Marathon across various platforms; consolidating the delivery and style of such, as directed by the City Manager.
- Monitoring social media references to City of Marathon and providing solutions to improve public relations.
- Compelling photography to accompany posts and articles.
- Monthly feature about a City of Marathon department on a rotating basis and four employee spotlights per month. These will be distributed on social media and collated in preparation for an annual report.
- Attendance at the weekly staff meeting to stay current on City happenings.
- At the direction of the City Manager, act as point person to field media inquiries if needed.

The above services, and others as directed by the City Manager, would total \$3,000 per month. The partial month of December 2021, will be billed at \$2,000.

Should the City of Marathon, or Monroe County, activate a state of emergency order, and require the services of a public information officer for the City of Marathon, the role would revert to an hourly rate of \$35 plus applicable overtime.

Sara Matthis
