

Florida Department of Transportation
DISTRICT SIX CONSTRUCTION
Miami-Dade & Monroe counties

Monday, March 6 through Friday, March 10, 2023

- The Florida Department of Transportation (FDOT) is scheduled to begin underground electrical work along SR 5/US 1 in Monroe County during the week of March 6, 2023.
- The intersections along SR 5/US 1 where work will take place include:
 - College Road, Cross Street and McDonald Avenue in the City of Key West
 - 33 Street in the City of Marathon
 - Crane Boulevard in Sugar Loaf Key

This underground electrical work is part of the Florida Keys Connecting Overseas to Advance Safe Travel (Keys COAST) design/build project along SR 5/US 1 from MM 0.0 to MM 112.5 in Monroe County. The project will establish connectivity between various transportation modes such as cars, trucks, buses, pedestrians, bicyclists and emergency vehicles and a connected vehicle traffic signal system (CVTSS) along with other systems such as midblock pedestrian crossings, truck weigh station and drawbridge and emergency signals.

These project features will allow FDOT arterial traffic management staff to perform real-time active arterial management on US 1. These tools will also allow for more efficient flow of transit and freight along the corridor, along with enhanced emergency service response.

Lane Closures

- Travel lanes may be closed during nonpeak hours on nonevent days. Nonpeak hours are:
 - 9 a.m. to 3:30 p.m., Monday through Friday
 - 8 p.m. to 6 a.m., Monday through Friday
- Within the City of Key West:
 - 9 a.m. to 2:30 p.m., Monday through Thursday
 - 8 p.m. to 6 a.m., Monday through Thursday
- Temporary sidewalk detours will be in place when necessary.

PLEASE NOTE THAT THIS SCHEDULE MAY CHANGE DUE TO WEATHER OR UNEXPECTED CONDITIONS.
